

Technical Business Analyst

Are you passionate about bridging the gap between cutting-edge technology and healthcare? Do you thrive in dynamic project environments where you can harness your analytical prowess to drive impactful solutions? We are seeking a highly skilled and motivated Technical Business Analyst with 5 years of experience to join our team and play a pivotal role in revolutionizing the landscape of clinical trials forecasting and patient recruitment.

London Basel Sofia

The Company

OVER 10 YEARS OF EXPERIENCE IN DIGITAL HEALTH

At **BGO software** we make health digital by empowering our customers to deliver their digital health products and solutions through our premium services.

Our history

Started as a boutique IT company in 2008, in less than 3 years we grew to become a leading IT company with 100+ employees, serving clients from around the globe across several verticals. After more than 12 years of experience within the healthcare industry, we set our main direction. Today, **BGO Software** is the **digital health lab** that aims to improve and **save lives today through technology**.

Our expertise & services

We have extensive background in the development of clinical research systems, eHealth solutions (web and mobile health applications) and GMP validated systems for pharmaceutical & biotech companies.

Our people

Our culture is defined by our people. We are an innovation team that values mutual trust, creativity, systems thinking, agility, and adaptability. We are creating a movement in the IT industry so that more people choose the professional path towards saving and improving lives through technology.
